

Collegiate Rideshare - End User Terms and Conditions

As a condition of use, you promise not to use the Services provided in part by the Collegiate Rideshare application development team, the Northwestern Michigan College Green Team, and any or all affiliated companies or parties for any purpose that is unlawful or prohibited by these Terms, or any other purpose not reasonably intended by the shareholding parties. By the way of example, and not as a limitation, you agree to not use the Services:

1. To abuse, harass, threaten, impersonate, or intimidate any person;
2. To post or transmit, or cause to be posted or transmitted, any content that is defamatory, obscene, pornographic, abusive, offensive, profane, or that infringes any copyright or the rights of any person or external party not in affiliation with the shareholding parties;
3. To communicate with other users in an abusive or offensive manner;
4. For any purpose (including posting, distributing, or viewing content) that is not permitted under the laws of the jurisdiction or in compliance with existing policies surrounding the shareholder company or institution in which this service is utilized;
5. To post or transmit or cause to be posted or transmitted, any communications designed or intended to obtain password, account or private information of other individuals or any members of the institutions or companies involved;
6. To create or transmit unwanted spam to any person or any URL;
7. To solicit services from or exploit other users or the shareholding parties in connection to the services - this service is a voluntary service and no binding contracts are to be made from the exchange of assistance from either party (this includes pressuring or "charging" other users for things such as gas money, food or other exchange of goods, or an hourly charge "incurring from assistance")

In addition to these, some community guidelines have been written to ensure the protection and safety of the students and to ensure integrity and reliability within the Collegiate user community.

1. Ride requests and offers should be completely organized 24 hours in advance from the necessary arrival time;
2. The emergency section should be used in situations where a less than 24 hour notice is in place and should not be used as the main resource of ride organization;
3. Failure to complete a route will result in a strike against your account for the semester. 3 strikes results in a temporary suspension for the remaining duration of the semester. 3 suspensions will result in a permanent ban from the application;
4. Strikes are applied when extreme and extenuating circumstances are not in play - such as medical or familial emergencies, inclement weather and snow days, and other reasonable causation of cancelation.
